

CONAHEC STUDENT EXCHANGE PROGRAM

AUGUST/SEPTEMBER 2022

CALL FOR APPLICATIONS

AUGUST-DECEMBER 2022

What is CONASEP?

CONASEP is the student exchange program of the Consortium for North American Higher Education Collaboration (CONAHEC). It was created as a way for undergraduate and graduate students studying at one of the member institutions of the consortium to take part in an academic experience abroad for a full semester or an academic year.

Since 2003, CONASEP has allowed **over 2,500 students** to have an international academic experience. Today, the program has expanded and now allows the exchange of students to and from institutions in 16 countries.

Participation Process

Universities who wish to participate in this program must:

- Be a member of CONAHEC.
- Be up-to-date with the payment of the membership.
- Notify CONAHEC in a timely manner of their desire to participate in the following call for nominations.
- Provide complete and relevant information about their availability to receive exchange students

To be nominated, students must comply with the following requirements:

- Demonstrate fluency on the language of instruction at the host institution.
- Be in good academic standing GPA of 8.0/10 (Mex); 2.8 (U.S.A. / CAN)

Student Exchange Program Policies

- Each institution may nominate a **maximum of two students to a single institution**. Overall, each institution may nominate **up to 8 students** or up to the number of students received from other Institutions (In the case of universities that have received more students through CONASEP than they have sent, they may nominate an unlimited number of students to go abroad through CONASEP until they reach a zero balance again.)
- Institutions do not need to have a signed cooperation agreement among them to exchange students.
- Each student is responsible to pay for the regular tuition at his/her home institution. There will be no monetary transaction between the home and host universities.
- CONAHEC **does not charge an administrative fee** for processing students' applications. To the best of their ability, institutions should make an effort not to charge an admission fee to students. However, CONAHEC respects the internal policies of its members.
- Host institutions may directly charge admitted students any mandatory fees (other than tuition) established for all international exchange students.
- Each student is responsible to pay for transportation to the study abroad destination, local transportation, room and board, health insurance and other personal expenses.

Institutional Information

Institution Name: MingDao University

Country: Taiwan

Location: Changhua, Taiwan

Website: <http://eng.mdu.edu.tw/>

Description: We aim to cultivate a pure mind, a broad heart filled with the desire to purify the world and its people, and a professional confidence. Students at MDU inhabit an environment like a manor, a graceful academy.

They are not only professional scholars but also people who care about ethnic vitality; they are not only flexible and tactical entrepreneurs but also people who have a taste for art and cultural history. Facing the ever-changing future challenges, students adopt learning methods and abilities that will allow them to refashion themselves as fully competent problem solvers. In terms of life, we hope to cultivate people who are well-versed in humanism, art, and applied technology. As for aspirations, we hope our students can be taught to use good judgment and wisdom in their thinking.
